How many can you count? Write the answer in the circle.

Number Four Formation

Trace over these numbers and then write your own below.

How many can you count? Write the answer in the circle.

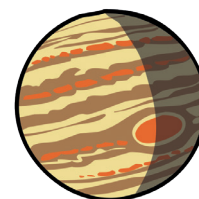

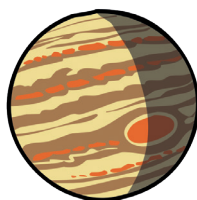

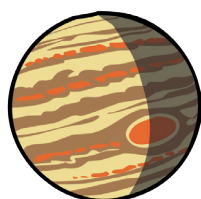

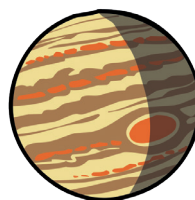

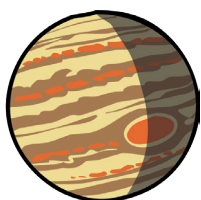

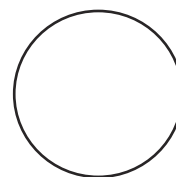

Number Five Formation

Trace over these numbers and then write your own below.

5

How many can you count? Write the answer in the circle.

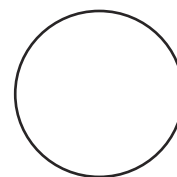

Number Six Formation

Trace over these numbers and then write your own below.

6

How many can you count? Write the answer in the circle.

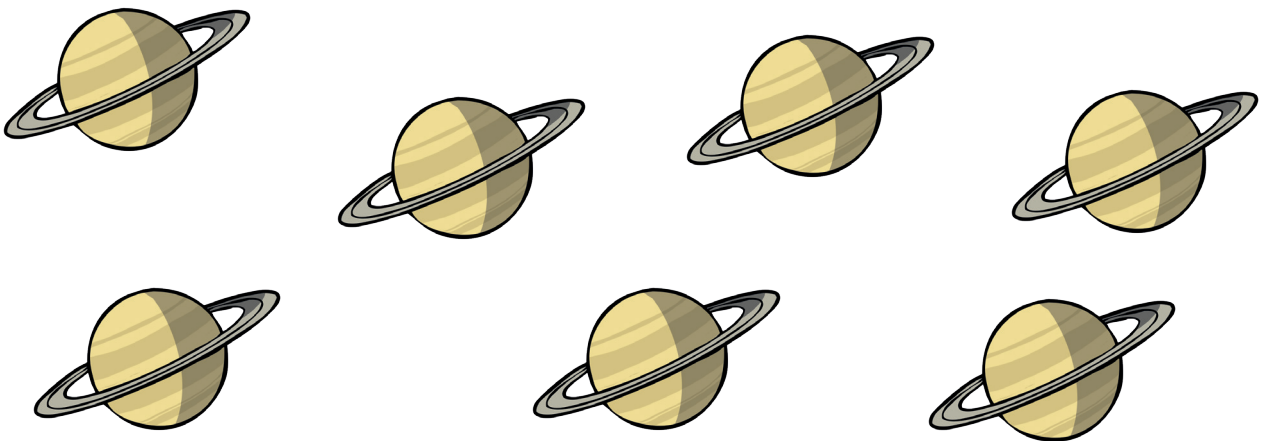

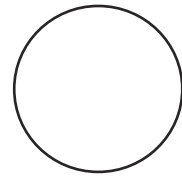

Number Seven Formation

7

Trace over these numbers and then write your own below.

How many can you count? Write the answer in the circle.

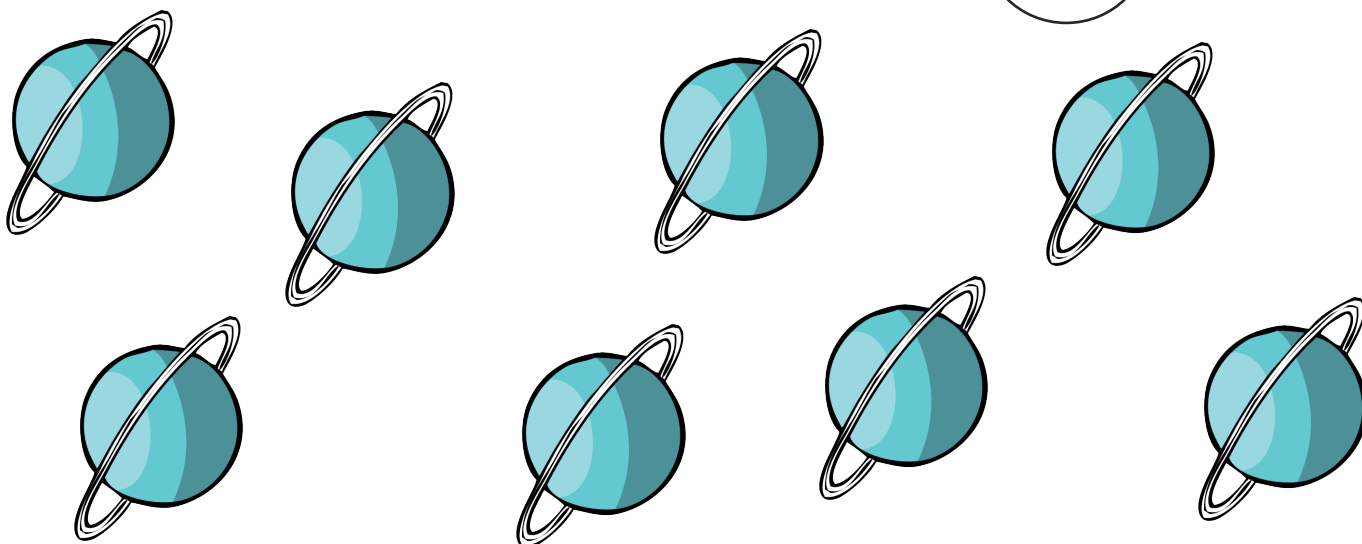

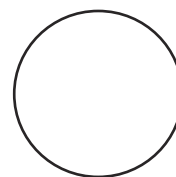

Number Eight Formation

Trace over these numbers and then write your own below.

How many can you count? Write the answer in the circle.

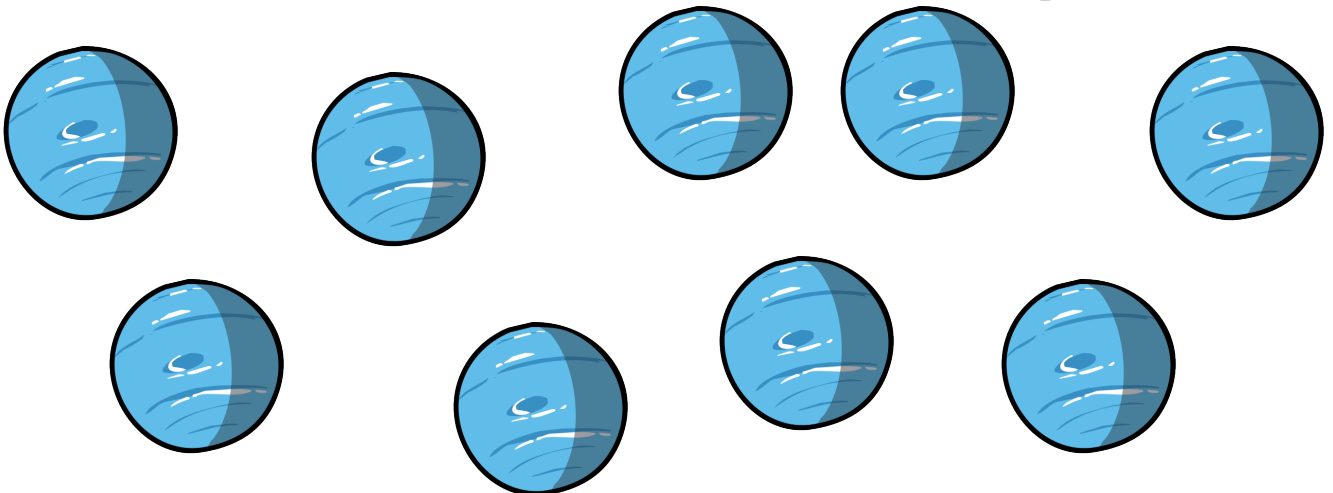

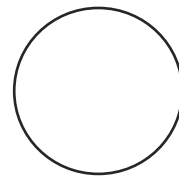

Number Nine Formation

9

Trace over these numbers and then write your own below.

How many can you count? Write the answer in the circle.

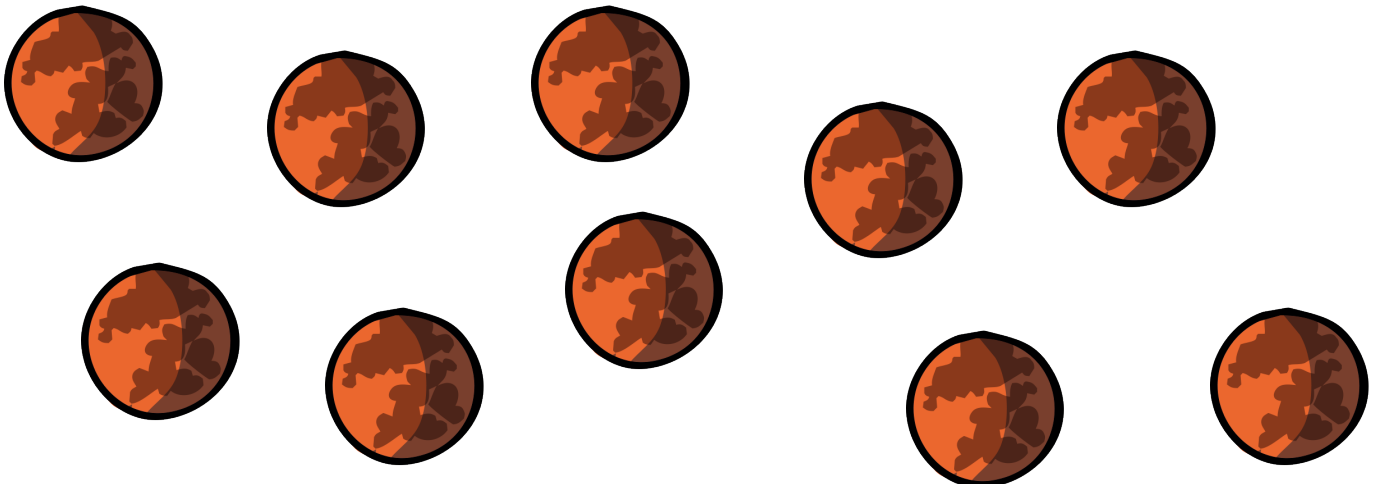

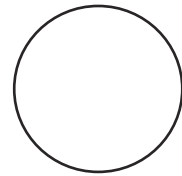

Number Ten Formation

Trace over these numbers and then write your own below.

10

How many can you count? Write the answer in the circle.

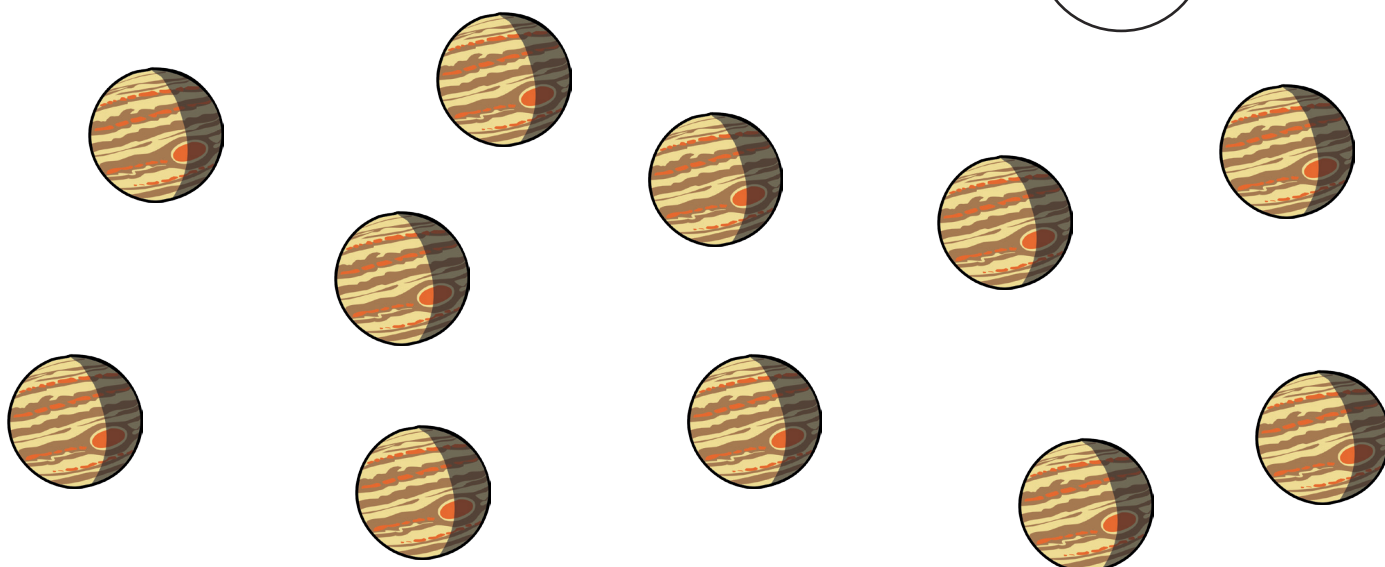

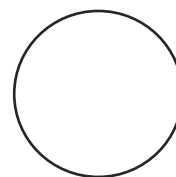

Number Eleven Formation

Trace over these numbers and then write your own below.

11

How many can you count? Write the answer in the circle.

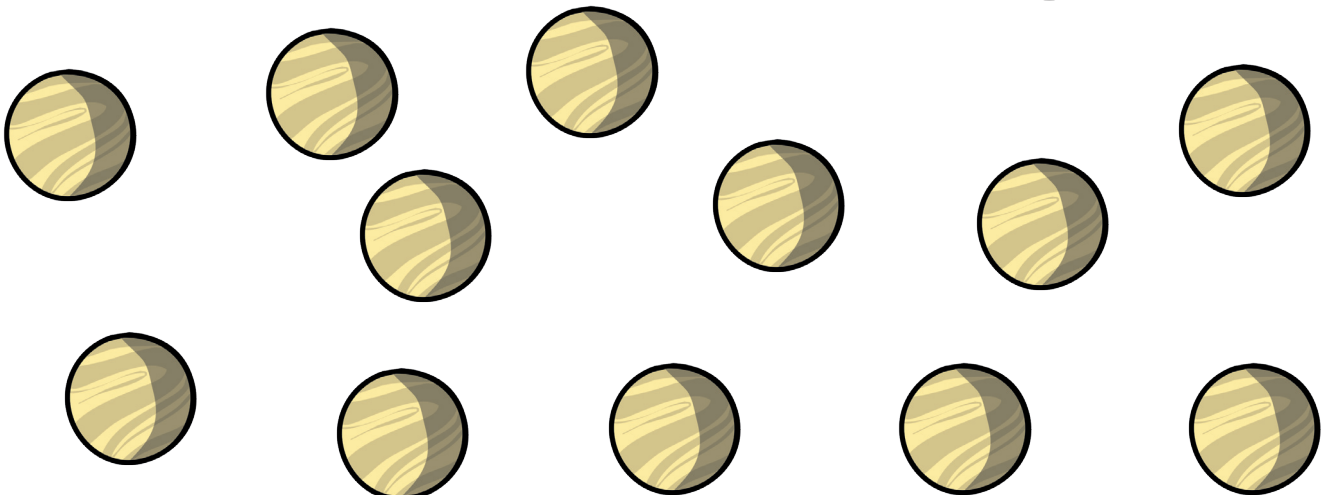

Number Twelve Formation

Trace over these numbers and then write your own below.

12

How many can you count? Write the answer in the circle.

Number Thirteen Formation

Trace over these numbers and then write your own below.

13

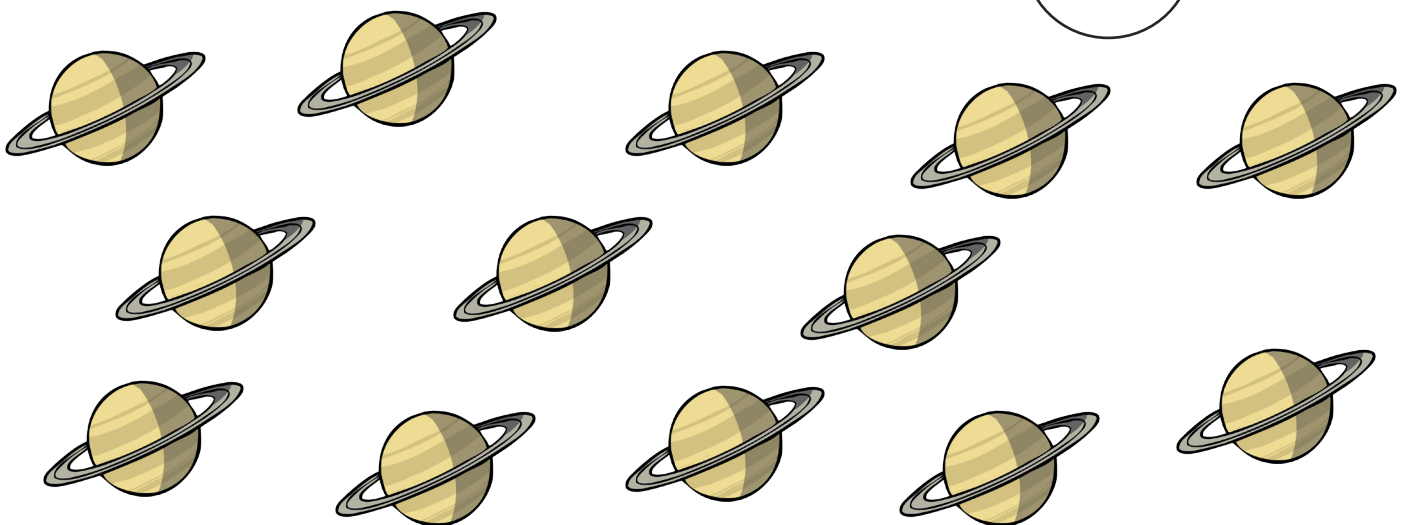

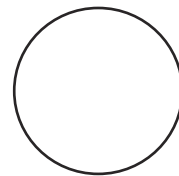

13

13

13

13

How many can you count? Write the answer in the circle.

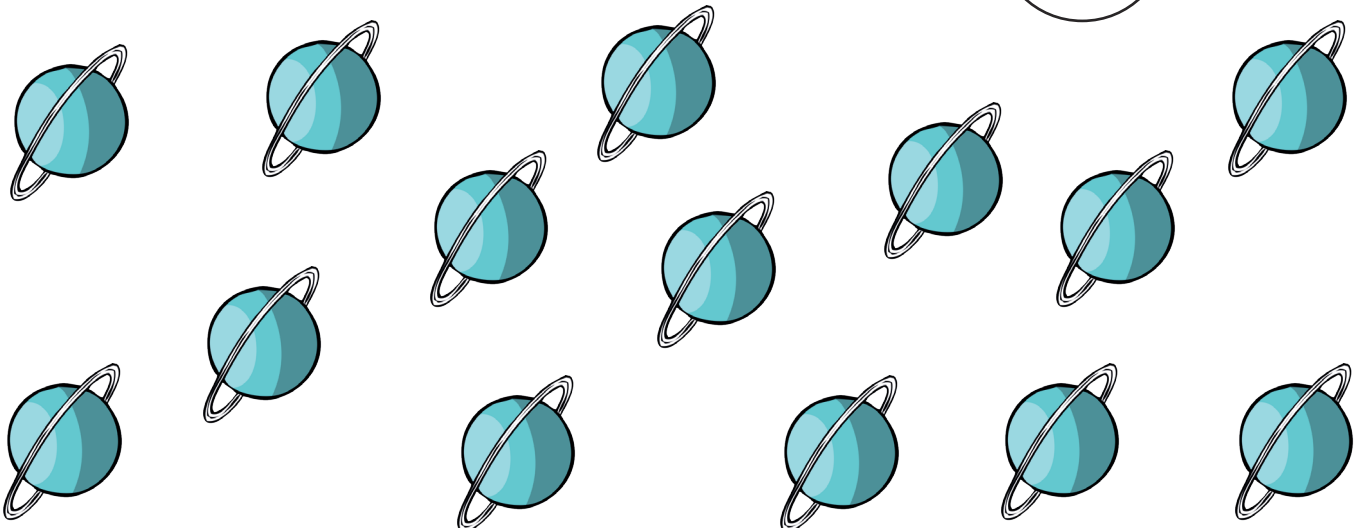

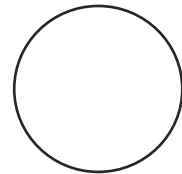

Number Fourteen Formation

Trace over these numbers and then write your own below.

14

How many can you count? Write the answer in the circle.

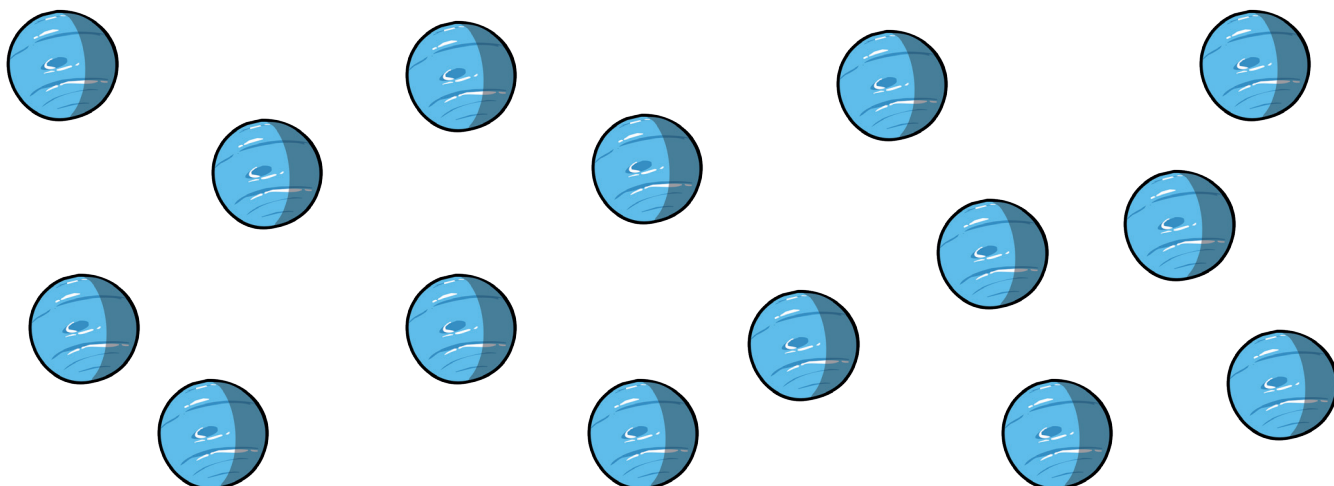

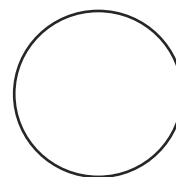

Number Fifteen Formation

Trace over these numbers and then write your own below.

15

15 15 15 15

How many can you count? Write the answer in the circle.

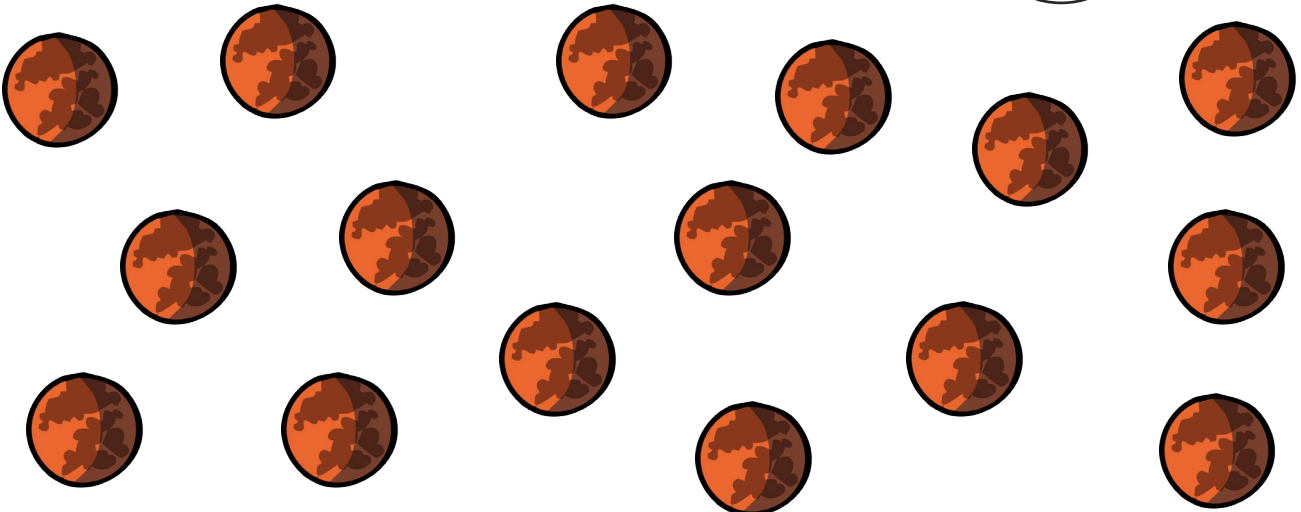

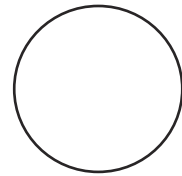

Number Sixteen Formation

Trace over these numbers and then write your own below.

16

How many can you count? Write the answer in the circle.

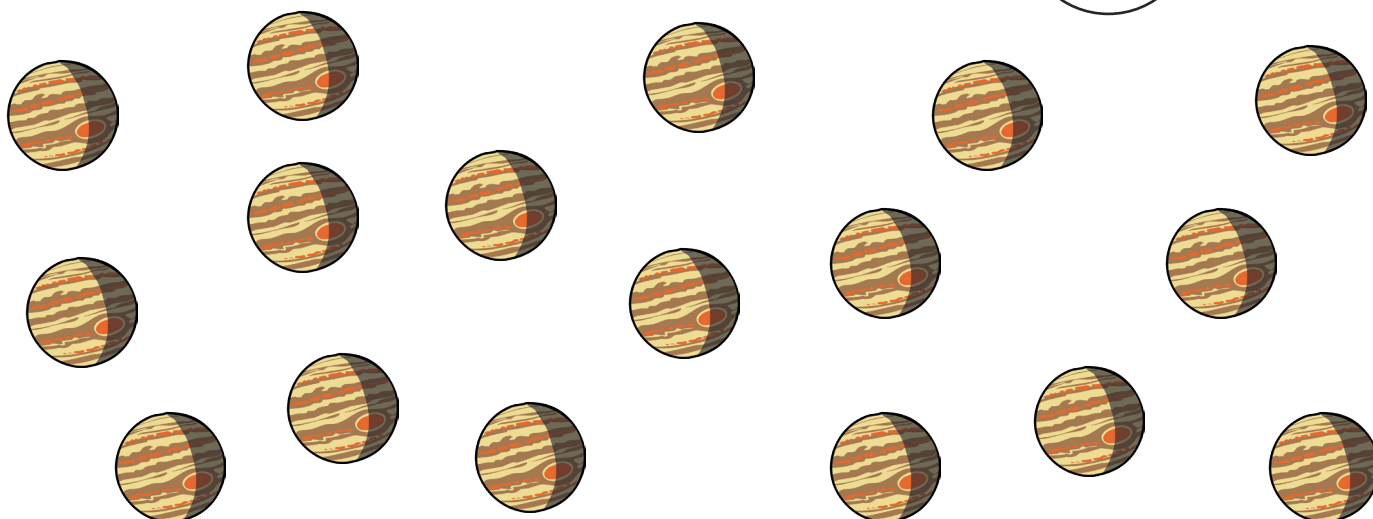

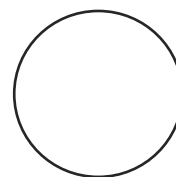

Number Seventeen Formation

17

Trace over these numbers and then write your own below.

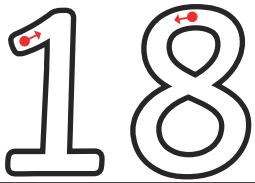

How many can you count? Write the answer in the circle.

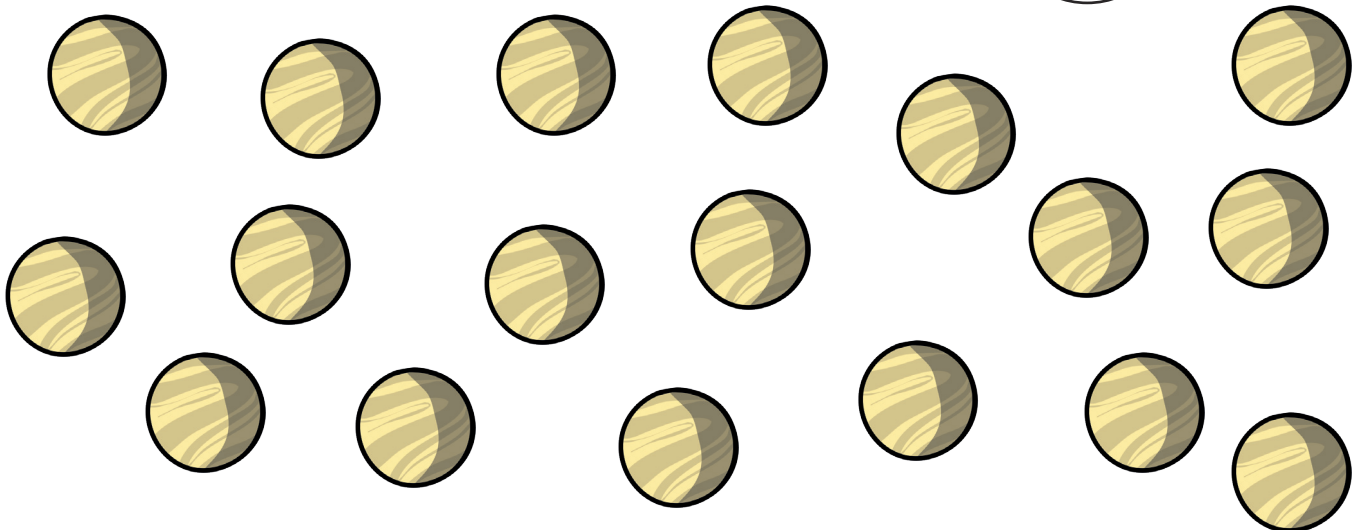

Number Eighteen Formation

Trace over these numbers and then write your own below.

18

How many can you count? Write the answer in the circle.

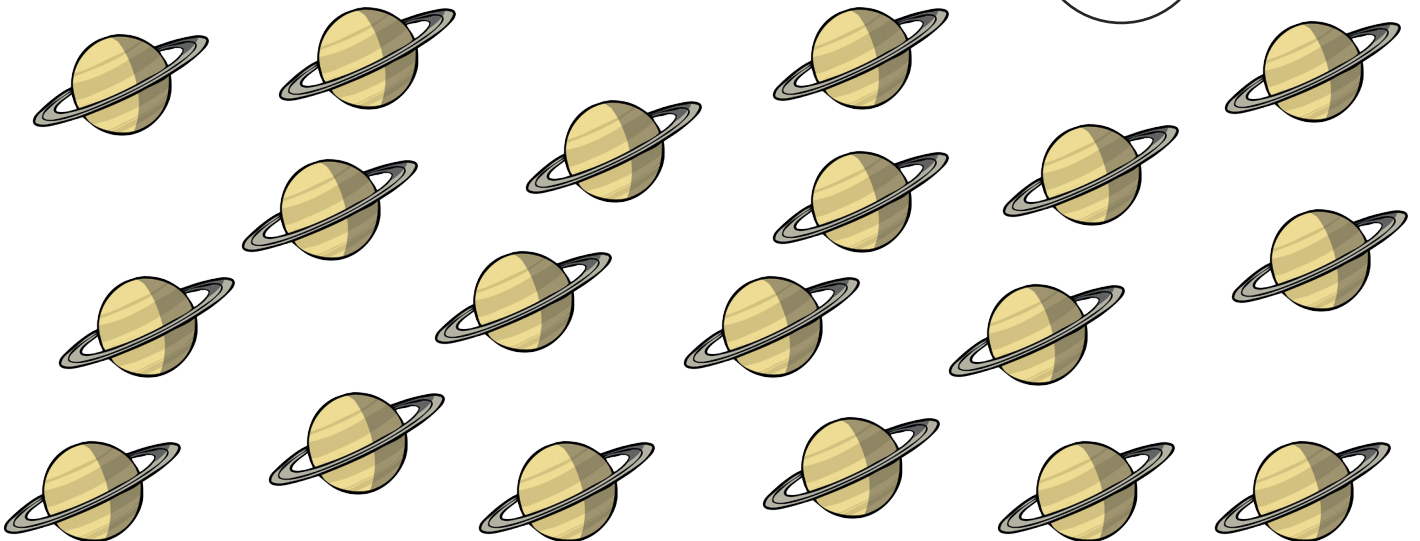

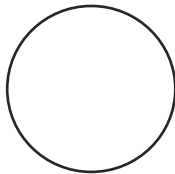

Number Nineteen Formation

19

Trace over these numbers and then write your own below.

How many can you count? Write the answer in the circle.

Number Twenty Formation

20

Trace over these numbers and then write your own below.

How many can you count? Write the answer in the circle.
